FACT.

The best friend a young man can have, if you are interested; is the plunk he has put aside And wisely has invested.

—Houston Post.

IS AN IMPOSTER.

The Ledger is in receipt of a letter from Albert E. Lippard in which he states that an old man giving his name as Young is passing through Vanceburg, Maysville, Aberdeen and Ellisberry, O., claiming to be a government officer and well acquainted with Mr. Lippard.

Mr. Lippard wishes to announce that he does not know the man and that his friends should be careful in giving credit to the old man's tale.

PASTIME TO BE SOLD SEPTEMBER 25.

The Mason Quarterly Court some time ago ordered the Pastime Theater to be sold to pay the debt of \$150.93, to the Farmers and Traders Bank. The sale of this pretty little theater will take place September 25 at the courthouse steps. Constable James McNamara, who is the appointed commissioner, will conduct the sale. The sale of this theater marks the ending of the first movie playhouse in this city.

COFFERDAM AGAIN DRY.

The cofferdam at Lock Dam No. 33, which was flooded during the recent high water, has been pumped out again and is now dry enough for the work to proceed. This is the third time this season that the cofferdam has been flooded and each time meant a big loss in time and money to the contractors, but without any further interruptions the work assigned for this year will be finished on schedule time.

HOTTEST SEPTEMBER ON RECORD.

This September is the hottest on record and all over the country complaints of the heat are to be heard. Several cities have reported fatalities, but as yet Maysville has escaped, although it is as hot in the city as anywhere on the face of the globe.

CLEANING OUT SEWERS.

Street Commissioner Benjamin Smith has a large force of men busy these days cleaning out the sewers and manholes. This move is one to be commended and will no doubt play an important part in keeping down sickness and disease.

Mr. R. N. Ellison, of Manchester, was in this city Thursday on business.

RUNAWAY AUTO.

Thursday morning the Tollesboro bus, owned by Mr. Jacob Trumbo, of Tollesboro, created some excitement on government square by running away from the driver. Mr. Trumbo was in the postoffice delivering the mail from the Tollesboro postoffice when the screams of two women in the machine attracted his attention and looking out he beheld his machine going at breakneck speed toward the high wood fence in the rear of the postoffice. Rushing out of the building he caught the speeding auto and climbing in, shut off the power just as it plowed over the lawn toward the fence. He backed the machine off the grass and proceeded on his way.

It is thought the vibrations of the engine caused the levers to slip out of position. The plowing up of the lawn in the rear of the office was all the damage.

A STITCH IN TIME SAVES NINE.

The Limestone Bridge connecting East Maysville with the city proper is in a dangerous condition and is apt to collapse at any time. The City Council ordered some new steel girders placed in position several months ago and the girders are on the ground, but not a step has been taken to make the repairs. One thing after another seems to delay the work and meanwhile the bridge continues to deteriorate rapidly. The bridge is apt to collapse almost any time and if it does it may mean the loss of several lives.

A stitch in time save nine. Repair the bridge and avoid law suits.

TENNIS BECOMING POPULAR IN MAYSVILLE.

Lawn tennis is fast becoming very popular in this city and now as the baseball season has closed, its popularity will increase in leaps and bounds. Almost every time one looks out a racket or a ball is to be seen in the hands of some enthusiastic fan. At the present time these are four courts in the city and several others are under construction. A tournament, it is said, will be arranged to determine the champion of the city.

SAND BAR OUT AGAIN.

After submersion during all but a few days of this summer the sand bar on the Ohio shore of the river looms up again as big as ever and as the hot weather continues, the reappearance of the bar is hailed with delight by many who will now have a chance to take a dip.

BEAUTIFUL FRONT COMPLETED.

The beautiful front of the new Everett building on East Second street, has been completed and is a beauty. The front is of fire-brick with stone trimmings. The building does much to add to the appearance of Second street.

CATCH RUNAWAY LAD

BOY WHOM POLICE OF NEWPORT AND COVINGTON ARE SEARCHING, ARRESTED HERE—WILL BE HELD UNTIL DOWN-RIVER AUTHORITIES CAN BE HEARD FROM.

In the Thursday issue of The Ledger an item told of the police searching the trains passing through here looking for a boy who had run away from his home in Dayton and for whom the police of that city were searching.

Thursday about noon Mr. Charles Davis, of Commerce and Second streets, told the police that a boy answering the description of the lad from Dayton was roaming the streets near his home and Officer Harry Walsh started in search of the lad. When questioned by the Chief of Police and other officers the little fellow said his name was Joseph Morrison and that he lived with his brother and sister in Dayton. He told of meeting a boy who went to Newport with the Brown & Leggett Carnival Company, which was showing in this city last week, but is now in Newport. This boy, Morrison said, told him to come on up to Maysville with him and he would show him a good time.

When he came to this city he did not have enough of money to pay for lodging and so he slept in the old rink building Wednesday night. Thursday morning he started to see the town and was walking the streets when the officer caught him. After hearing his story Chief of Police James Mackey ordered him to be placed in the juvenile ward in the county jail until the Newport and Covington officials could be heard from.

MAYSVILLE MEN OWN HORSES THAT WIN AT STATE FAIR.

Once again Maysville and Mason county came into the limelight as a center of fine horseflesh. This time the spotlight is thrown on the horse of Mr. A. H. Bryant, of this city, and the late C. E. Biggers, whose horse won places in the ring at the State Fair at Louisville. Mr. Bryant's stallion, Trimble G., showed by McCray Brothers stables, of Bourbon county, won first place in the three-ring stallion class, while Robert Earl, a horse owned by the late Mr. Biggers, was second in this class. The winning of first and second places by these horses places Maysville in the top class as a breeding center of good horses. These animals have been shown at other fairs and shows and are almost always among the prize winners.

CANINE CAUSES BIG SCARE IN THE EAST END.

Late Thursday Chief of Police Mackey was called to a home in the East End of this city upon the complaint of the mistress of the house, who said she had been robbed. When he arrived on the scene the woman had the house all locked up and the key in her "national bank." The Chief investigated the supposed robbery and found a dog in a room upstairs. The dog had in his wanderings about the room knocked over a chair, raising a big noise and scaring the woman of the house half out of her wits, causing her to call the police to catch what she thought was a robber. After giving the cur a boot the Chief returned to the central office.

THE WORLD IS GROWING BETTER.

For the first time in more than six months the city prisoner guard has not had a prisoner to work on the streets. The reason is that the Chief of Police a few days ago gathered all the loiterers of this city together and told them to get to work or be put in jail and as a result some of the men who have not worked since Adam was a little fellow have now gone to work and the police can not find offenders. This move of the city officials is one of the best ever made by the present administration. There is plenty of work for every man who wants to work and with the present building boom and the dam there is no reason for any one to loaf in Maysville.

MAN WELL KNOWN HERE KILLED IN CINCINNATI.

Dorsey Wilson, employed on the steamer Greenland and well known in this city, was shot and killed at Cincinnati Thursday afternoon. Wilson was shot by a negro who thought that he was a strikebreaker. He is survived by his wife, who lives at Elginport.

Miss Mae Harrop, of Latonia, is spending a few days here with Miss Emma Nolin. Her father, Rev. F. W. Harrop, and Mrs. Harrop will arrive Saturday and the party will leave on Monday for their new home at Harlan.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost. This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced. Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

HOLD HOT SESSION

PARENTS OF EASTLAND AND OKLAHOMA SCHOOL DISTRICT HOLD A WARM SESSION THURSDAY EVENING.

Thursday evening the parents of the children of Eastland and Oklahoma school districts met in the Eastland school building to decide on what steps to take about the erection of a new building for those districts. Mr. William Downing presided over the meeting and after each person had given his or her idea of what kind of a building should be erected and a general discussion was had in which some very sensible and some very odd ideas were brought to light, he decided to hold another meeting at some future date. The residents of these districts have realized that they need a school room to hold the fast increasing list of scholars and are going after the building in a well directed manner.

Rev. W. H. Spiby, who has been pastor of the Ripley M. E. church for four years, and who was transferred to the Kentucky Conference and made pastor of the Covington M. E. church, and Rev. F. C. English assigned to his church in Ripley, through the efforts of his congregation an arrangement has been made whereby Mr. Spiby remains at Ripley and Mr. English goes to Covington. Rev. Mr. Spiby is a great favorite with the Ripley people.

Mrs. Charles Curran, of this city, was the guest of Mrs. G. F. Young, at Ripley, this week, and enjoyed the Chautauqua there.
